REVIEW OF OPERATIONS

The consolidated entity's revenue from ordinary activities increased by 35% to \$112,894,000 compared to \$83,454,000 for the comparative half-year period. The consolidated net profit after tax attributable to members of the parent entity increased 72% from \$5,134,000 for the comparative period to \$8,835,000.

The result reflects an improved first half for the Automotive Leather division as a delayed major leather supply program finally launched. The increase in supply during the half has decreased inventory levels, that were built up in anticipation of the delayed program, thereby increasing cash flow from operations and decreasing net debt.

Delta's profit improved due to the increased quantity of civil infrastructure projects in Western Australia and operational efficiencies. The comparative period profit for Delta was negatively affected by the design and engineering complexity on a large project.

Group Investments' profit reduced compared to the comparative half-year due to larger aggregate unrealised losses on equity investments and no sales of land at Beachside, North Coogee during the half-year.

ROUNDING

The amounts contained in this report and in the half-year financial statements have been rounded to the nearest \$1,000 (where rounding is applicable) under the option available to the company under ASIC Corporations (Rounding in Financial/Directors' Report) Instrument 2016/191. The company is an entity to which this Legislative Instrument applies.

Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement, as follows:

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 Valuation techniques for which the lowest level that is significant to the fair value measurement is unobservable.

12. FINANCIAL ASSETS AND FINANCIAL LIABILITIES (continued)

For assets and liabilities that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The fair value of the financial instruments carried at fair value, as well as the methods used to estimate the fair value, are summarised in the table below:

Level 1 assets' fair value is determined based on quoted prices on active markets as at the reporting date without any deduction for transaction costs. The fair value of the listed equity instruments is based on quoted market prices at the reporting date.

12. FINANCIAL ASSETS AND FINANCIAL LIABILITIES (continued)

Level 2 assets include:

- i. The fair value as of 31 December 2023 of the Group's original \$2,000,000 investment in convertible notes in Harvest Technology Group ("HTG");
- ii. Unlisted managed equity funds which are valued based on quoted market prices of the constituent securities; and
- iii. The fair value as of 31 December 2023 of the Group's net liability to external investors in a controlled fund.

The HTG notes are convertible at \$0.022 cents with an expiry date of 28 November 2024. The financial instruments are classified as fair value through profit or loss. The convertible notes comprise two components, a debt component, and an equity option component. The equity option component of the convertible notes has been valued using Black Scholes.

The share price used in the valuation is \$0.006 (30 June 2023: \$0.030), which is below the \$0.015 (30 June 2023: \$0.042) closing share price of HTG at 31 December 2023. The discount to the closing price takes into consideration the significant volume of HTG shares held by the Group and the Stout Restricted Stock methodology that quantifies marketable discounts for lack of marketability.

At 31 December 2023, the convertible notes have been recognised at \$2,098,000 (30 June 2023: \$3,469,000) comprising the option valuation of \$60,000 (30 June 2023: \$1,453,000) and a debt component of \$2,038,000 (30 June 2023: \$2,016,000). The profit and loss for the half-year ending 31 December 2023 includes a non-cash, unrealised pre-tax loss on the investments of \$2,133,000 (31 December 2022: \$2,344,000 pre-tax loss) and interest received of \$91,000 (31 December 2022: \$91,000).

Level 3 assets include unlisted equity investments and unlisted property investments.

- (a) Fair value for the unlisted property investments is determined by the calculation of the Group's percentage ownership in the investment entity multiplied by the total net assets of the investment entity at fair value. Fair value of the net assets of the investment entity is determined by available information including independent external valuations, guidance from the investment managers, or industry market research.
- (b) Unlisted equity investments include the Group's investment in Updater Incorporated. The fair valuation of the investment uses a revenue multiple comparable to other technology and high-growth companies.

13. NET ASSETS HELD IN CONTROLLED FUND

From July 2022, the Group has acted as Trustee and Fund Manager for a controlled fund. At 31 December 2023, the Group held 51% of the units in the Fund. Under the Australian Accounting Standards (AASBs), the Group is required to include the Fund in its consolidated financial statements.

The Group has irrevocably designated the net assets attributable to external investors in the fund as a financial liability at fair value through profit or loss since external investors have the right to withdraw from the fund on notice. The Group determined that designation of the financial liability at fair value through profit or loss significantly reduces an accounting mismatch that would otherwise arise if the liability and corresponding financial assets in the fund were measured on different bases. As such, movements in net assets attributable to external investors in the fund are included as fair value adjustments in the Consolidated Statement of Comprehensive Income.

Shown below is the financial position of the controlled fund at 31 December 2023.

17. SEGMENT INFORMATION

(a) Identification of reportable segments

The Group has identified its operating segments based on the internal reports that are reviewed and used by the executive management team (the chief operating decision makers) in assessing performance and in determining the allocation of resources.

The operating segments are identified by management based on the nature of the product and customer supplied, and services provided and the identity of service line manager. Discreet financial information about each of these operating businesses is reported to the executive management team monthly.

The reportable segments are based on aggregated operating segments determined by the similarity of economic characteristics, the products produced and sold and/or the services provided, as these are the sources of the Group's major risks and have the most effect on the rates of return.

The Group comprises the following reportable segments:

The **Automotive Leather** segment is a manufacturer and supplier of leather in the global automotive industry.

The **Group Investments** segment includes the Group's share of syndicated property, 100% owned investment property, investments in managed equity funds and direct investment in equity instruments. The activities of the segment include the leasing of office, factory and retail properties, the development and sale of property assets, funds management and general investing.

The **Building Materials** segment comprises Delta Corporation Limited which produces and sells pre-cast and pre-stressed concrete elements.

(b) Accounting policies and inter-segment transactions

The accounting policies used by the Group in reporting segments internally are the same as those discussed in note 2 to the accounts and in the prior period. There are no inter-segment transactions.

(c) Allocation of assets

It is the Group's policy that if items of revenue and expense are not allocated to operating segments, then any associated assets are also not allocated to segments. This is to avoid asymmetrical allocations within segments which management believe would be inconsistent.

(d) Basis of segmentation and measurement of segment profit

There has been no change in the basis of segmentation or in the basis of measurement of segment profit from those used in the last annual financial statements.

Independent auditor's review report to the Members of Schaffer Corporation Limited

Conclusion

We have reviewed the accompanying half-year financial report of Schaffer Corporation Limited (the Company) and its subsidiaries (collectively the Group), which comprises the consolidated statement of financial position as at 31 December 2023, the consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act* 2001, including:

- Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2023 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity (ASRE 2410). Our responsibilities are further described in the Auditor's responsibilities for the review of the half-year financial report section of our report. We are independent of the Group in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Directors' responsibilities for the half-year financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
